

BS BATTERY & YAMAHA GMT94 RENEW THEIR TECHNICAL PARTNERSHIP FOR 3 MORE YEARS!

Undoubtedly, BS BATTERY continue its technical partnership with the team YAMAHA GMT94 managed by Christophe GUYOT for three more years!

Three-time FIM Endurance World Champions, YAMAHA GMT94 will step up to the FIM World Superbike Championship in 2023 with a new Italian rider Lorenzo BALDASSARI, fielding a latest-spec YAMAHA R1.

The team will also continue to contest the WorldSuperSport Championship for a sixth consecutive season! The French Supersport Champion Valentin DEBISE will compete on a single Yamaha R6 powered by the BSLI02 lithium battery from BS BATTERY specially designed for the most demanding riders.

"Innovation is our DNA; we are constantly improving our products performance and durability. Getting feedbacks from YAMAHA GMT94 engineers which test our products in extreme racing conditions are key to maintain our promise! We are not used to stay in our comfort zone, we'll continue to work hardly with the engineers on new developments" says Benjamin SEBBAN, General Manager - BS BATTERY.

On top of the BSLI02, the smart chargers (BS10 – BS30 – BK20) and the boosters (Powerbox) provided by BS BATTERY, both partners are working on new product developments to fit the high demand from competition.

"Each year, each race allows us to learn and evolve. We have both the same values. Our ambitions are strong for the upcoming seasons, not only in term of race ranking but technical development as well. It is important for us to be one step ahead and think about the future of our sport. Our partnership with BS Battery is a real added

value for our bike development. We are optimizing our sustainability, saving time, improving performance and more than anything, we share the same vision: our sport must remain accessible for all" add Christophe GUYOT, Team Manager -Yamaha GMT94's.

After a series of successful tests in Portimao (Portugal), YAMAHA GMT94 team and BS BATTERY are ready to kick the WorldSuperbike and WorldSuperSport season which will start in Australia next 25 and 26th February!
